

As a member of the press I am appaled at any notion of lifting the cross-ownership ban. There are very logical reasons for having such a ban in place. If the ban is lifted major corperations will have a MONOPOLY on what people read, see and hear. Numerous ammounts of new stories will not be printed or aired and millions of voices will be disinfranchised.

I expect you to be strong enough to resist the urge to allow this to happen. Do not lift the cross ownership ban!

Thank you,
